

DAILY WORK REPORT

Intern Name: Janani S N

Date: 07-04-2026

Department: Computer Science & Engineering

Internship Domain: Full Stack (MERN Stack) Development

Project Title: Hotel Navarathna Palace - Restaurant Billing and Inventory Requirements (Backend), Hotel Navarathna Palace - Lodge Booking and Service Requirements (Backend)

1. Work Summary:

Worked on developing the frontend of the restaurant management system using React.js. Designed UI components including login page, home page, and kitchen display system. Implemented order placement functionality and integrated local storage for updating orders dynamically.

2. Task Breakdown

Sl.No.	Task /Work Description	Start Time	End Time	Status (Completed/In Progress/Pending)
1	React setup & KDS UI development	10:45 AM	12:00 PM	Completed
2	Order placement, login & home page design	12:00 PM	1:20 PM	Completed

3. Challenges & Issues Faced

Faced issues with component structuring and routing in React. Also encountered minor errors in file paths and state management, which were resolved by debugging and correcting import paths.

4. Pending Tasks if any for Current Day & Action Plan for Next Day

No pending tasks for today. For the next session, plan to enhance UI design, integrate frontend with backend APIs, and implement additional modules like table management and billing system.
