

DAILY WORK REPORT

Intern Name: Janani S N

Date: 21-04-2026

Department: Computer Science & Engineering

Internship Domain: Full Stack (MERN Stack) Development

Project Title: Hotel Navarathna Palace - Restaurant Billing and Inventory Requirements (Backend), Hotel Navarathna Palace - Lodge Booking and Service Requirements (Backend)

1. Work Summary:

Worked on backend development of the restaurant management system. Tested APIs using Postman and attempted to integrate frontend with backend. Encountered multiple errors during integration and analyzed the issues.

2. Task Breakdown

Sl.No.	Task /Work Description	Start Time	End Time	Status (Completed/In Progress/Pending)
1	Worked on backend modules for restaurant management system	9:45 AM	11:30 AM	Completed
2	Tested APIs using Postman	11:45 AM	1:00 PM	Completed
3	Attempted frontend-backend integration	2:00 PM	3:00 PM	Completed
4	Debugged errors during API integration	3:00 PM	4:00 PM	In progress

3. Challenges & Issues Faced

Faced multiple errors while integrating frontend with backend, including issues related to API endpoints, data handling, and response formats. Worked on identifying the root cause of these issues.

4. Pending Tasks if any for Current Day & Action Plan for Next Day

Error resolution and successful integration of frontend with backend are pending. For the next session, plan to debug and resolve the issues to achieve smooth API integration.
